

City of Kyle is currently under Amended Stage 2 drought restrictions

Kyle City Council approved the rollback of certain drought restrictions for City of Kyle water customers, due to Alliance Water Phase 1B coming online in May 2025 and the Green Valley SUD agreement. The added water supply capacity allows the City to transition from Amended Stage 3 to Amended Stage 2 Drought Restrictions, effective Thursday, July 17, 2025. Failure to comply with this ordinance can result in a fine of up to \$2,000 and not less than \$50 per violation.

All drought restrictions are subject to change.

Amended Water (irrigation) Schedule for November 2025

SUN	MON	TUES	WED	THUR	FRI	SAT
2	3 Address ending in 0 & 1	4 Address ending in 2 & 3	5 Address ending in 4 & 5	6 Address ending in 6 & 7	7 Address ending in 8 & 9	8

Soaker hose and drip irrigation allowed EVERY WEEK on designated day and time

Customers may water (irrigate):

- By a hose and sprinkler or spray irrigation system from 7 p.m. - Midnight every other week on their designated outdoor water use day.
- By drip irrigation or a soaker hose from 7 p.m. - Midnight every week on their designated outdoor water use day.
- By handheld hose, or handheld watering can from 7 p.m.- 10 a.m. on any day. Any time a handheld hose is used, the hose must have a positive shut-off nozzle connected to the emitting end.

The following activities are currently permitted for Kyle water customers:

- **Vehicle Washing:** Washing automobiles, trucks, trailers, boats, and other mobile equipment at home using a handheld hose is allowed once a week on any day.
- **Cleaning Outdoor Surfaces:** Pressure washing of sidewalks, driveways, parking areas, streets, patios, fencing, and other outdoor surfaces is allowed once a week on any day.
- **Foundation Watering:** Irrigating around building foundations via soaker hose to help protect the structural integrity of buildings is permitted once a week on any day.

Items and actions, which are prohibited during this stage of drought management:

Using automatic fill valve to add water to an outdoor swimming or wading pool or pond. Charity car washes. Sale of construction water.
